Add to business account

Select the tasks that best fit what g2cakushwah@gmail.com needs to do in the Uli's Famous Sausage business account.

Partial access ⓘ

Basic

View people with full control. Everyone added to the business account gets basic access. They can work only on Pages, Instagram accounts or other business assets that you assign to them.

☒ Default

Apps and integrations

Set up Conversions API, Monitor events, edit applications and create access tokens.

Full control ⓘ

Everything

This is the most control you can give someone. They can do all of the above, assign other people full control and delete the business account.

Manage

☐ None

☒ Manage

To help keep your business account secure, we recommend you assign full control to a small number of people who can control your business.
